COUNCIL REGULATION (EEC) No 777

of

extending the application of Regulation (EEC) No 745/77 laying down certain interim measures for the conservation and management of fishery resources applicable to vessels flying the flag of Poland, the GDR or the USSR

THE COUNCIL OF THE EUROPEAN COMMUNITIES

having regard to the Treaty establishing the European Economic Community,

having regard to the Act of Accession (1),

having regard to the proposal from the Commission

whereas the Council adopted, on 3 November 1976, a set of resolutions concerning certain external and internal aspects of the common fisheries policy;

whereas in Regulation (EEC) No 194/77 (2) the Council laid down, for the period 1 January to 31 March 1977, certain interim measures for the conservation and management of fishery resources applicable to vessels flying the flag of Poland, the GDR or the USSR;

whereas, since the adoption of that Regulation, those countries have requested the opening of negotiations with the Community for the conclusion of framework agreements on fisheries and these negotiations are still in progress; whereas, therefore, the consultations which should be held pursuant to the framework agreements in order to lay down the rules governing fishing, in particular in the Community fishing zone, have not yet been started;

whereas, consequently, pending these consultations, the application of Regulation (EEC) No 194/77 and the period of validity of the licences granted to vessels flying the flag of the countries in question was extended in Regulation (EEC) No 745/77 (3) for a period of two months, subject to any provisions which may be adopted by the Council in the light of the outcome of the consultations to be held following the conclusion of framework agreements;

whereas a further extension of this Regulation is necessary, together with the appropriate modifications.
